Susp and other co-workers were out drinking and separated at about 12:30 am on 2/7/17. Wit/co-worker sees susp walk away but did not actually see susp go into his vehicle. Approx 15 minutes later, a red tundra registered to susp was involved in a t/c where an electric pole was hit and the pole, in turn, crashed into a home putting a hole through the roof, damaging the frame of the home and the fence. At around that time, Wit texted susp who responds and it was clear from the responses that he was involved in a t/c and left the scene. The t/c report listed suspect's vehicle found at the scene as the involved vehicle based on the debris found and the observed damage to the vehicle consistent with hitting the pole. Wit personally and by email relayed this info to her sergeant. Susp himself later called the same sergeant and admitted to being involved in a t/c.

Further Investigation is requested as follows: 1) S/W of susp's cellphone records on the dates in question need to be served. Info from cellphone records should corroborate time and location consistent with text/phone calls made by susp to wit and Uber. Info re: wit/rep of the the service provider need to be obtained to authenticate these records, 2) F/U I/V of the sergeant who got the call from suspect needs to be made to establish how this wit can establish the ID of susp who admitted to the t/c in that call; 3) F/U I/V of the homeowner also needs to be made as the report states he heard the loud bang, saw Sheriff's and Fire Dept personnel in front of his damaged house but was not asked any questions other than if his power was out.; 4) Photos of the damaged vehicle and any other property damage caused by a hit and run veh are routinely taken. Please provide these photos as there were none in the package. Time is of the essence as to the cell phone records because they are routinely purged after a specified period of time. Once the above info is collected, there may be sufficient circumstantial evidence to establish a corpus at which time the case needs to be resubmitted to this office for filing consideration.

Additional information provided: S resigned; administrative investigation terminated. Additional supplemental reports dated 8-9-17 and 8-11-17 were provided. I/O were unable to obtain any of the above further information requested in the initial decline except for #3. Although not specified in the report, I/O verbally represented that information from potential wits were not given to them even after requests were made. I/O also stated that only Sgt Bartl and Hannible saw the phone messages; Hannible did not give I/O D's phone information and Sgt. Bartl stated he will not come to court. Based on all of the above, this case has insufficient evidence to prove the case and, therefore, rejected for insufficiency. DIC advised.
